

# INFORMATION for web

## The Garret B & B

### Parking –

Main Car Park is to the South behind the Harbour Stores, hourly or daily charges but free overnight.

Ozone Terrace – opposite the Cobb Arms is free parking October to March

There is a big car park at the top of Cobb Road – £2 per 24 hours – £4 for 48 hours etc – but only 12 hours per £2 in the summer

Please do not park in the entrance between the book shop and the fish shop – everyone wants to park there for 2 minutes!! You are usually safe outside the Cobb Arms for a few minutes.

### Keys

Your room key operates the front door.

### Shower and hot water

There is communal shower room just inside the front door. Please take a towel. Please when showering etc turn on extract fan and off at night – wide switch outside shower – the noise gets irritating! If there is no hot water, it is possible that the switch marked “W” on adjacent to the lobby shower door, has been turned off – feel free to turn on!

### Windows –

the windows and fastenings are all new but need adjustment etc. Please be gentle until we can sort them out – in the red room the window is quite heavy but will open fully – please close in rain and gently please! If you want to have it open a little use the piece of wood to wedge open – a temporary solution!

### Television –

Turn on the screen only using just to on off button on the Samsung zapper.

Use the Manhattan Sattelite box zapper – there are about 150 channels to choose from including radio stations etc (about 120 channels I wouldn't choose but you get them anyway!

### Wi Fi

Broadband available at all times

### Shoes

Please respect our new home – if your shoes are muddy or sandy we would appreciate it if you left them under the stairs. If your feet are sandy please rinse off on the patio. Please try and avoid sand in the showers, as it blocks the drain and is difficult to sort out!

### Towels

There are ample towels in the room but to avoid wasting energy washing clean towels, please leave unused towels in the shower enclosure or where we know they have been used - thanks
